Robot(ic)s everywhere

Launch at Intl. Conference on Robotics and Automation (ICRA)

The Springer Handbook of Robotics, now launched at ICRA, is edited by Bruno Siciliano and Oussama Khatib, supported by 7 part editors and 165 international authors. Professor Khatib will also attend the EUROBOT final, taking place May 21-24, in Germany.

Assistive Technology for Visually Impaired and Blind People

For the vision-impaired, specialised technology can provide a fuller enjoyment of the facilities of society. This volume explores engineering and design of assistive technology for blind and vision-impaired people. [...More!](#)

Biomed Tech Review 2008

Science and Technology in Medicine

"...is a fascinating book delivering a lot of new information and a deeper insight into the history of this multidisciplinary scientific field ... The volume is richly illustrated with high-quality facsimile reproductions from the original publications." [...More!](#)

Congratulations!

Distinguished Professor Ali H. Nayfeh has been selected as the first recipient of the Tom Caughey Award by the Applied Mechanics Division of the American Society of Mechanical Engineers (ASME). Ali H. Nayfeh is Editor-in-Chief of the journal Nonlinear Dynamics.
