Featured Journals

25th anniversary in 2013!

The Journal of Intelligent and Robotic Systems bridges the gap between theory and practice in all areas of intelligent systems and robotics.
... More

Intelligent Service Robotics

Addresses a broad range of topics, from intelligent robots serving humans in daily life to embedded systems. ... More

Network on Social Robotics

Join more than 600 colleagues!

SERVICES IN ENGINEERING

Featured Books

A Biologically Inspired Robot with Walking and Rolling Locomotion

deals with implementing a locomotion behavior observed in the biological archetype 'Cebrennus villosus' to a robot prototype whose structural design needs to be developed. ... More

Springer Handbook of Automation

Ideal resource for experts as well as people new to this growing field: computer scientists, medical doctors, engineers, economists and more! ... More

Get in Contact

Contact your publishing editor directly with your proposals and questions.

Be(come) an Author

All you need to know: Manuscript guidelines, tools, templates, and more…

Meet us at Conferences

Stop by our booth, meet our editors and get acquainted with our multiformat publishing model.

Featured Book Series

SpringerBriefs in Control, Automation and Robotics

Briefs are concise volumes published fast and easily. Learn how to get your own Brief published!

The first Brief in this series is already online: "Distributed-Order Dynamic Systems"
... More

COSMOS Cognitive Systems Monographs

New developments and advances in the fields of cognitive systems research, rapidly and informally but with a high quality. The series bridges cognitive brain science and biology with engineering disciplines.
... More

Featured Textbooks

Robot Mechanisms

This comprehensive introduction to robot mechanisms balances theoretical and practical aspects in the development and application of robot mechanisms, and surveys current achievements and trends. ... More

Outstanding Academic Title

Congratulations! "Robotics" was chosen as Outstanding Academic Title by the American library magazine CHOICE. ... More

LATEST BOOKS IN ROBOTICS

Afro-European Conference for Industrial Advancement

Proceedings of the First International Afro-European Conference for Industrial Advancement AECIA 2014

Series: Advances in Intelligent Systems and Computing, Vol. 334

Abraham, Ajith, Krömer, Pavel, Snasel, Vaclav (Eds.)
2015

Price from   **£136.50**

Available Formats: eBook   Softcover

More Information

Advances and Applications in Sliding Mode Control systems

Series: Studies in Computational Intelligence, Vol. 576

Azar, Ahmad Taher, Zhu, Quanmin (Eds.)
2015

Price from   **£122.00**

Available Formats: eBook   Hardcover

More Information

Computer Vision in Control Systems-2

Innovations in Practice

Series: Intelligent Systems Reference Library, Vol. 75

Favorskaya, Margarita N., Jain, Lakhmi C. (Eds.)
2015

Price from   **£72.00**

Available Formats: eBook   Hardcover

More Information

Springer Handbooks

Key information by leading experts in physical sciences

Show all 56 results

Algorithmic Aspects of Analysis, Prediction, and Control in Science and Engineering

An Approach Based on Symmetry and Similarity

Series: Studies in Systems, Decision and Control, Vol. 14

Nava, Jaime, Kreinovich, Vladik

2015

Price from   **£56.99**

Available Formats: eBook   Hardcover

More Information

Emergent Trends in Robotics and Intelligent Systems

Where is the Role of Intelligent Technologies in the Next Generation of Robots?

Series: Advances in Intelligent Systems and Computing, Vol. 316

Sinčák, P., Hartono, P., Virčíková, M., Vaščák, J., Jakša, R. (Eds.)

2015

Price from   **£136.50**

2015 IEEE RAS George Saridis Leadership Award

Congratulations from the whole Springer Robotics team!

Bruno Siciliano is the recipient of the **2015 IEEE RAS George Saridis Leadership Award in Robotics and Automation** for his outstanding leadership in the robotics and automation community as a research innovator, an inspired educator, a dedicated contributor of professional service, an ambassador of science and technology.

The Award will be presented during the awards Luncheon at the 2015 IEEE International Conference on Robotics and Automation (ICRA) in Seattle, WA USA

More about the award
ICRA 2015

Bruno Siciliano is editor/author of the following Springer publications

----

.

Springer Tracts in Advanced Robotics STAR books series

.

Springer Handbook of Robotics

.

Textbook 'Robotics'
